ABOUT ME

I'm an aspiring Software Engineer with a strong foundation in Technology Sciences and Engineering, as well as practical experience in website creation and design. I combine analytical strength with a unique mix of technical expertise and interpersonal skills developed through managing and teaching in a disciplined environment. Proficient in English, Dutch, Russian, and French, I am ready to contribute to a globally oriented development team.

EDUCATION

Via Tienen | 2019 – 2025

Latin & Technology Sciences and Engineering

High school graduation from Belgian School, majoring in Technology Sciences and Engineering.

University of Ghent | 2025 – present

Applied Informatics

I am currently pursuing a degree at the University of Ghent on their Virtual Campus with a Major in Applied Informatics and a Minor in AI and Data Engineering. This coursework provides a strong foundation in modern data science methodologies, including machine learning and advanced data processing techniques.

WORK EXPERIENCE

Long Hu Men Leuven | 2023 - 2025

Kung-Fu Teacher for Kids

Expertly trained children in Kung-Fu techniques and discipline.

Long Hu Men Leuven | 2022 - 2025

Website Designer and Creator

Developed and designed a Kung-Fu website from scratch with custom features that improved site functionality, user satisfaction, and visual representation.

ACHIEVEMENTS

Achieved Black Belt in Kung-Fu and secured victories in both the European and Belgian Championships, demonstrating exceptional discipline and competitive excellence.
